About the Journal

The Journal of Domestic Animal Practice & Research (JDAPR) is a bi-annual, peer-reviewed veterinary e-journal (Published by Kanta Publications) published in English language and covers all aspects of research and clinical practice in animals. The journal publishes high quality, original articles, as well as other scientific and educational information. The journal also intends to facilitate the distribution and implementation of new ideas and techniques relating to clinical veterinary practice, with the ultimate aim of promoting best practice and targets veterinarians primarily engaged in research and clinical practice in animals.
